## Administrative history / Biographical sketch

---

### Note

The Museum of Health and Medical Science (also known as “The Health Museum”) opened on November 16, 1969, at the Houston Museum of Natural Science. Over the course of 21 years, it provided quality information and education on health and the human body. After a successful multi-million-dollar campaign, the John P. McGovern Building was constructed in Houston’s Museum District, and the museum officially opened on March 16, 1996. In late 2001, the John P. McGovern Museum of Health and Medical Science was dedicated in Dr. McGovern’s honor to recognize the contributions of Dr. McGovern to the Museum’s success, which have helped educate and entertain hundreds of thousands of children and families by providing innovative exhibits and interactive programs on health and medical science. In July 2017, The Health Museum became a Smithsonian Affiliate, the first in the Houston Museum District. Two years later, in November 2019, the museum celebrated its 50th anniversary in Houston’s museum community. Today, the Health Museum remains a favorite educational destination among many Houstonians, as it continues to inspire interest and foster curiosity in health, the human body, and medical sciences to individuals of all ages.

### Custodial history

Deed-5

---

### Scope and content

---

The John P. McGovern Museum Health and Medical Science Collection is an artificial collection of ephemera and artifacts from the John P. McGovern Museum of Health and Medical Science. The ephemera includes a publication called "Headlines", "Muse News", and other printed marketing materials acquired by the McGovern Historical Collections staff, covering the years from 1998 to 2009. The artifacts include seven pieces of antique medical equipment, including electrocardiograph machines, microscope slides with

specimens, an ophthalmoscope, thoracoscope, and Dr. McGovern's personal medical bag. The collection consists of 0.75 cubic feet (1 box), including 7 artifacts.

Subjects: John P. McGovern Museum of Health and Medical Science.

---

## Notes

---

### Physical condition

Materials are in good condition.

### Immediate source of acquisition

Source unknown. Assumed to be the creator.

### Restrictions on access

No restrictions to access.

### Conditions governing use

Copyright restrictions may apply

### Finding aids

None.

### Accruals

No accruals are expected for this collection.

### Other notes

- **Publication status:** Published
- 

## Access points
