

MS034 Paul V. Ledbetter, M.D., papers.

### **Inventory 2019 March 28 (KLK)**

Box-level inventory completed by Kelsey L. Koym. Folders and folder names are indicated by bold font and precede the colon. For Box 1 many folders were consistently named "Ledbetter Papers," and only folder numbers have been assigned. If the folders only consist of the Word "**Folder**" followed by a number, this indicates there was no previous title assigned to the folder. The term "**Loose monographs**" indicates that the item was not found in a folder and resides in the box.
