### Note

Dr. Weinberg is a Clinical Professor at Baylor College of Medicine (Medicine), Adjunct Professor at Rice University (Kinesiology & Human Performance) and Faculty Affiliate of the Texas A&M Center for Population Health and Aging (CPHA).

He began his career at Baylor College of Medicine in 1975 as Director of the Education Division of the first National Cardiovascular Research and Demonstration Center funded by NHLBI and from 1987 until 2011 headed the Chronic Disease Research Center. By broadening his work to include other chronic diseases including cancer he focused on translating discoveries in prevention, screening, and control activities to state and national initiatives exemplified by his role as the Co-founder of the Intercultural Cancer Council.

He was a founder of the International Consortium for Research on the Health Effects of Radiation, in response to the Chernobyl nuclear accident and has spearheaded international partnerships in the Ukraine, Kazakhstan, Azerbaijan, Russia, and Israel. Dr. Weinberg and the late William "Jack" Schull, Professor Emeritus of Human Genetics at The University of Texas Health Science Center at Houston, collaborated to establish a new family of collections under the umbrella of "Radiation Effects and Events." This new collecting area at the John P. McGovern Historical Center at The TMC Library, is building on the "Atomic Bomb Casualty Commission" collections and will encompass other areas where ionized radiation has affected our world.

As Principal Investigator of the Eliminating Disparities in Clinical Trials Project (EDICT), he led a research study designed to address the problems and find workable solutions to recruiting and retaining populations that are underrepresented in clinical trials. After retiring as a Full Professor at Baylor College of Medicine he served as the CEO of Life Beyond Cancer Foundation from 2011-2015 where he lead the development of MyHealthFinder™ now housed at Texas A&M's School of Public Health.

Physician & Patient Issues Related to Inherited Cancers”, “Stability of Cholesterol Levels Over Time Among Children” and “Cardiovascular Family Risk is Modifiable: A Multiple Community Study”

Dr. Weinberg currently serves as a board member of the Intercultural Cancer Council, Community of Practice (CoP) for Vulnerable Populations for National Center for Medical Education Development & Research, The Schull Institute Advisory Board, National Hispanic Life Sciences Society, Texas Life Science Foundation, member of the Comprehensive Cancer Control National Partnership, the Texas Medical Association Subcommittee on CME Accreditation and The TMC Library Archives Committee. There are materials focusing on his trips and projects in Ukraine and Kazakhstan and other areas that were impacted by radiation. There are also news clippings and journal articles related to radiation and Chernobyl. DM-MS211-012-0001	<b>Item - 497rpt</b> 6/21/1997 <i>Physical storage:</i> MS 211 – Box: DCD <i>Scope and content:</i> This is a great example of a trip report (wish they were all this well written and formatted!). Put this in as it reflects a lot of the various aspects of the work we had been involved with in Kazakhstan our team, their team and leadership.
DM-MS211-012-0002	<b>Item - Caring for Survivors of the Chernobyl Disaster</b> undated <i>Physical storage:</i> MS 211 – Box: DCD <i>Scope and content:</i> This was a paper I thought we needed to write to help both those immigrants to the US from affected regions and the physicians who might see them. The article was well received and often a trigger when media would search the medical literature when radiation events occur.
DM-MS211-012-0003	<b>Item - Final AIHA report on Semi Project in Kazahkstan</b> 12/6/2000 <i>Physical storage:</i> MS 211 – Box: DCD <i>Scope and content:</i> An executive summary of the last year of the AIHA supported activities that were supported as a part of the payback (Project Sapphire) for dismantling nuclear weapons in Kurchatov. An extremely meaningful set of mutually agreed upon objectives by both sides served as a solid base to establish a multidimensional effort.
DM-MS211-012-0004	<b>Item - Initial thoughts about AIHA Kazakhstan partnership in Semipalatinsk</b> 1/5/1995

	<p><i>Physical storage:</i> MS 211 – Box: DCD</p> <p><i>Scope and content:</i> Notes by Armin that look at issues and opportunity for us with this AIHA partnership in Kazakhstan. The core of course with our internal BCM, TMH, TCH, TMC benefits. Obviously with possible links to our work in Chernobyl and even the AMC business as well.</p>
DM-MS211-012-0005	<p><b>Item - Albina personal statement</b> 10/26/2003</p> <p><i>Physical storage:</i> MS 211 – Box: DCD</p> <p><i>Scope and content:</i> This is a personal statement written by Albina Orazgaliyeva (now Rippy). She was the daughter of our colleague (Marina) in Semipalatinsk who we helped come to the US to study. She eventually graduated from UH, married, and built a very successful business that they sold called Yoga One. The statement however is a powerful reminder of the reach of the partnership that went well beyond our funded mandate to that of friendship. Her family built a very successful private pharmacy and production business at a time when almost none existed after the breakup of the Soviet Union left countries like Kazakhstan with minimal capacity to meet the needs of their people. In an email of 3-29-2019 Albina wrote.. I wrote this essay for my law school applications. I was accepted to every law school I applied pretty much because of this essay even though my LSAT score was not so great. My life took me in a different direction and I never went to law school, thank GOD:)</p>
DM-MS211-012-0006	<p><b>Item - notes about early contacts with Russian and Israeli investigators</b> 11/18/1992</p> <p><i>Physical storage:</i> MS 211 – Box: DCD</p> <p><i>Scope and content:</i> text includes key names from Russia Institute of Medial Radiology, and from Hadassah that surfaced as we held the Bryansk symposium</p>
DM-MS211-012-0007	<p><b>Item - Bryansk early if not initial visit</b> 11/20/1992</p> <p><i>Physical storage:</i> MS 211 – Box: DCD</p> <p><i>Scope and content:</i> This may be my (Armin) initial trip notes/report from Bryansk and Kiev</p>
DM-MS211-012-0008	<p><b>Item - By Healthcare Committee.doc</b> Nov-97</p> <p><i>Physical storage:</i> MS 211 – Box: DCD</p> <p><i>Scope and content:</i> Selected material about the healthcare system/status in Russia circa 1997. It looks like a series of pieces from a healthcare publication. Clearly this was a part of our trying to assess the opportunity to further our work with Dennis Sokol of the American Medical Centers that Ambassador Strauss connected us with as well as the post-Chernobyl opportunities for our colleagues in the Former USSR.</p>
DM-MS211-012-0009	<p><b>Item - 20 years CHERNOBYL DISASTER A LOOK INTO THE FUTURE NATIONAL REPORT OF UKRAINE Kiev •</b> undated</p>

	<i>Physical storage:</i> MS 211 – Box: DCD
DM-MS211-012-0010	<b>Item - Jerry Cuttler Bio, CV, etc.</b> undated  <i>Physical storage:</i> MS 211 – Box: DCD <i>Scope and content:</i> Jerry Cuttler was involved with the Canadian Nuclear listserv that Armin Weinberg subscribed to as a way to see what was being discussed by some in the industry. His work provides balance as it focuses on the positive effects of radiation in health and medicine to reduce fear.
DM-MS211-012-0011	<b>Item - Gotto update 10-29-1992 from ADW(Armin)</b> 10/30/1992  <i>Physical storage:</i> MS 211 – Box: DCD <i>Scope and content:</i> a note providing an update on the proposal to DOE and upcoming visit by Admiral Zumwalt and social events including Mayor Lanier and refers to my(Armin) planned trip to Russia and Ukraine.
DM-MS211-012-0012	<b>Item - Planning notes for governors visit to Tx</b> Sept 3 1995  <i>Physical storage:</i> MS 211 – Box: DCD <i>Scope and content:</i> Note to have TJ Dunlap (consultant to Armin's group at BCM) to prepare for upcoming visit by Governor Jakianov. Some good initial planning for events with TMH, Mayor, and Santa Fe Gold ... but more followed this including a meeting with Governor Bush and more. A very important step in this partnership for sure.
DM-MS211-012-0013	<b>Item - I found this in my zip file mydocs as JAKIANV1.doc then saved it as "jakianv1b.doc" in the since it has more detail.</b> Sept 3 1995  <i>Physical storage:</i> MS 211 – Box: DCD <i>Scope and content:</i> A more complete planning note regarding Governor Jakianov's visit to Texas. I found this in my zip file mydocs as JAKIANV1.doc then saved it as "jakianv1b.doc" in the since it has more detail.
DM-MS211-012-0014	<b>Item - Background &amp; History of Kazakhstan</b> 1/7/1995  <i>Physical storage:</i> MS 211 – Box: DCD <i>Scope and content:</i> Some background and history about Kazakhstan including USSR period to provide early context for us as we entered the AIHA partnership.
DM-MS211-012-0015	<b>Item - STATE DEPARTMENT TRAVEL INFORMATION - Kazakhstan</b> 12/8/1994  <i>Physical storage:</i>

	MS 211 – Box: DCD <i>Scope and content:</i> Kazakhstan COUNSULAR Information Sheet Feb 16, 1994 that was used to help orient us to where we were being asked to travel and partner with.
DM-MS211-012-0016	<b>Item - News Clips</b> 1/27/1996 <i>Physical storage:</i> MS 211 – Box: DCD <i>Scope and content:</i> A collection of news clips I used to track what might be relevant to our work in Kazakhstan. Of note is a story about Newmont Corp's interest in developing gold resources in the region. They eventually were contacted and help support several public health education initiatives in the Semey region.
DM-MS211-012-0017	<b>Item - KAZNURSE</b> 8/6/1996 <i>Physical storage:</i> MS 211 – Box: DCD <i>Scope and content:</i> This document is a report by F. Curtiss Swezy, DrPH and Shanta Swezy about nursing reform in Kazakhstan being stimulated and supported by two AIHA partnerships.
DM-MS211-012-0020	<b>Item - Letter from John Post to Armin &amp; Karen</b> 4/15/2008 <i>Physical storage:</i> MS 211 – Box: DCD <i>Scope and content:</i> This is a letter that accompanied a gift (tube with document inside that was printed by the original Gutenberg printing press) from John Post to Armin. John was a ret. Col. in medical logistics (at the US Dept of State) that helped distribute excess medical and hospital supplies to our AIHA partners in Kazakhstan, Azerbaijan and actually helped with shipment to Gaza as well. Since he lived in DC I invited him to a couple of the non-radiation related Intercultural Cancer Council Biennial Symposia that our Center at BCM coordinated. The page is now at the HRC for viewing.
DM-MS211-012-0021	<b>Item - letter to Kazakh ambassador to the US</b> 1/12/1998 <i>Physical storage:</i> MS 211 – Box: DCD <i>Scope and content:</i> A letter to Bolat K. Nurgaliyev the Kazakhstan Ambassador to the US regarding an upcoming meeting we helped orchestrate that included AFRRI. Also an interesting reference to Mr. James Giffin regarding the committee for reorganization of the health care system in the Republic of Kazakhstan that I was asked to comment on. Turns out Giffin was later arrested and charged related to bribes in a scandal known as Kazahkgate <a href="https://en.wikipedia.org/wiki/Kazahkgate">https://en.wikipedia.org/wiki/Kazahkgate</a> .
DM-MS211-012-0022	<b>Item - Marnie</b> 6/9/1995 <i>Physical storage:</i> MS 211 – Box: DCD <i>Scope and content:</i>

	A letter of recommendation for Marnie Rose's application to medical school. Marnie matriculated to UTHouston started a Pediatric Residency but passed away due to a glioblastoma. Her family started <a href="http://www.drarnierose.org/">http://www.drarnierose.org/</a> a foundation that continues today. This letter provides a nice summary of her past interest and work related to Chernobyl.
DM-MS211-012-0023	<p><b>Item - marnies</b> 5/1/1996</p> <p><i>Physical storage:</i> MS 211 – Box: DCD</p> <p><i>Scope and content:</i> This is a version of a paper on Chernobyl written by Marnie Rose a Russian Studies student who went to Bellaire High School, then UT (I think phase2) that Armin helped get her to study and visit Ukraine. Marnie unfortunately died of a glioblastoma when a Pediatric Resident at UT Houston. A fun run Run for the Rose is held in Houston each year in her memory. <a href="http://www.drarnierose.org/">http://www.drarnierose.org/</a></p>
